With corporate headquarters in Stuart, Florida, Big Five Tours & Expeditions is a global tour operator offering customized, luxury travel to more than 45 destinations. Our reputation for distinctive tours and personalized service is owed to more than 41 years of success in fulfilling dream vacations.

Big Five was founded in Kenya in 1973 as a family-owned safari company dedicated to offering affordable luxury travel to Africa's finest wildlife habitats. The company's name harks back to the era when hunters pursued Africa's famous *big five* – elephant, leopard, lion, rhinoceros and buffalo. The heart of our operation was a collection of carefully planned, expertly guided programs for small groups of travelers.

We defined our mission then in terms of value, commitment to quality and premier service. To this day, the company remains family-owned and the mission has grown even stronger. In the ensuing decades, Big Five has become an innovative, award-winning, multi-national company. We opened our offices in Canada in 2007 and in Jordan the following year.

We consistently strive to improve, which is reflected in our premier 24-hour White Glove Service® guest assistance. We are there every step of the way with a wide range of services from dinner reservations, to basic trip interruption insurance, to live support around the clock for every guest *at no additional cost*.

Today, Big Five is a leader in the field of authentic luxury safaris and exotic travel worldwide. We have helped define eco-sensitive, soft adventure travel to the most remote and intriguing corners of the globe. Conde Nast recognized us with the **World Savers Award in the category of Tour Operator – Doing It All**.

We also received the **2014 Sustainable Tourism Leadership Award** by Virtuoso, an internationally recognized network of luxury travel agencies. As far as we are concerned, this is just the beginning.
